Once Upon a Time in Skid Row . . . The SRAP Journey

Land Acknowledgement

The County of Los Angeles recognizes that we occupy land originally and still inhabited and cared for by the **Tongva, Tataviam, Serrano, Kizh, and Chumash Peoples**.

We honor and pay respect to their elders and descendants -- past, present, and emerging -- as they continue their stewardship of these lands and waters. We acknowledge that settler colonization resulted in land seizure, disease, subjugation, slavery, relocation, broken promises, genocide, and multigenerational trauma.

This acknowledgment demonstrates our **responsibility** and **commitment to truth, healing, and reconciliation** and to elevating the **stories, culture, and community** of the original inhabitants of Los Angeles County.

We are grateful to have the opportunity to live and work on these ancestral lands. We are dedicated to growing and sustaining relationships with Native peoples and local tribal governments.

Labor Acknowledgement

We recognize and acknowledge the labor upon which our country, state, and institution are built. We remember that our country was built on the labor of enslaved people who were kidnapped and brought to the US from the African continent and recognize the continued contribution of their survivors.

We also acknowledge all immigrant and indigenous labor, including voluntary, involuntary, trafficked, forced, and undocumented peoples who contributed to the building of the country and continue to serve within our labor force.

We recognize that our country is continuously defined, supported, and built upon by oppressed communities and peoples. We acknowledge labor inequities and the shared responsibility for combatting oppressive systems in our daily work.

Component:

Housing Council is the proposed platform to center community voice and ensure outcomes are achieved in permanent housing with community in the process.

GOALS BY 2027...

Vision

- By 2027....Skid Row will be a Trauma-Informed Community with opportunities for safe, adequate and supportive housing for all residents.

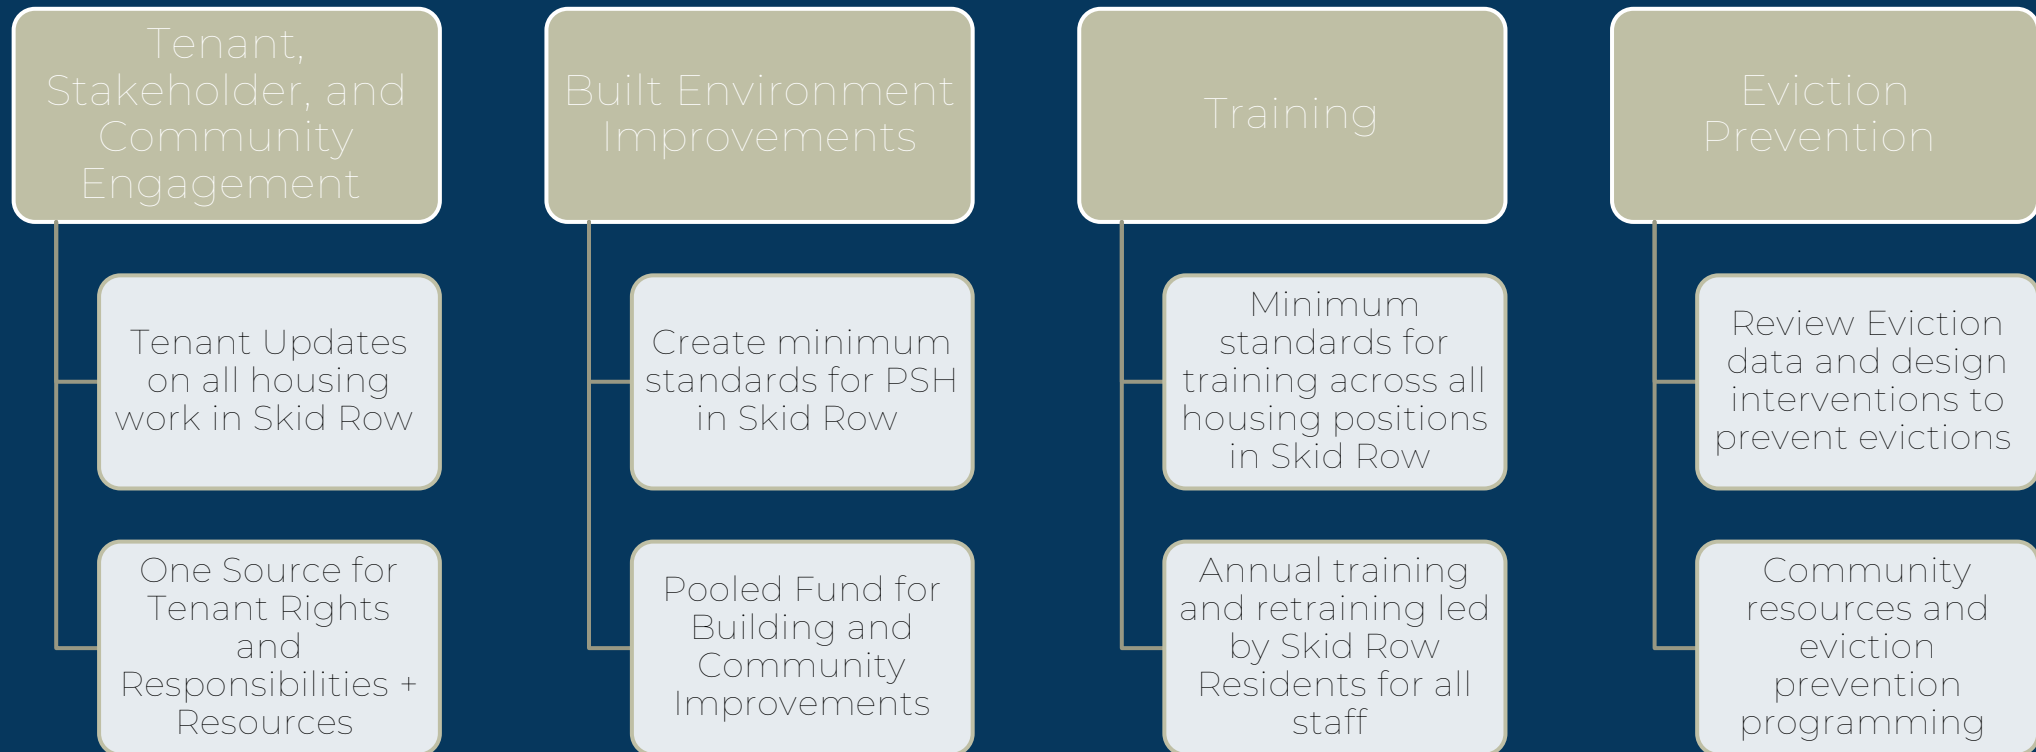

Proposal

- Housing Council to improve the safety, maintenance, and physical conditions of current permanent housing stock in Skid Row and develop a written minimum standard of housing in Skid Row.

Outcomes

- 2000 New Permanent Housing Units
- Minimum Standard for Permanent Housing in Skid Row including, buildings, property management and services.

VISION BY 2027...

1

- Targeted populations have access to appropriate placement and population specific services

2

- All interim housing stakeholders are supported to reduce returns to the street

3

- The Interim Housing Council communicates with system stakeholders and advocates for system adaptation

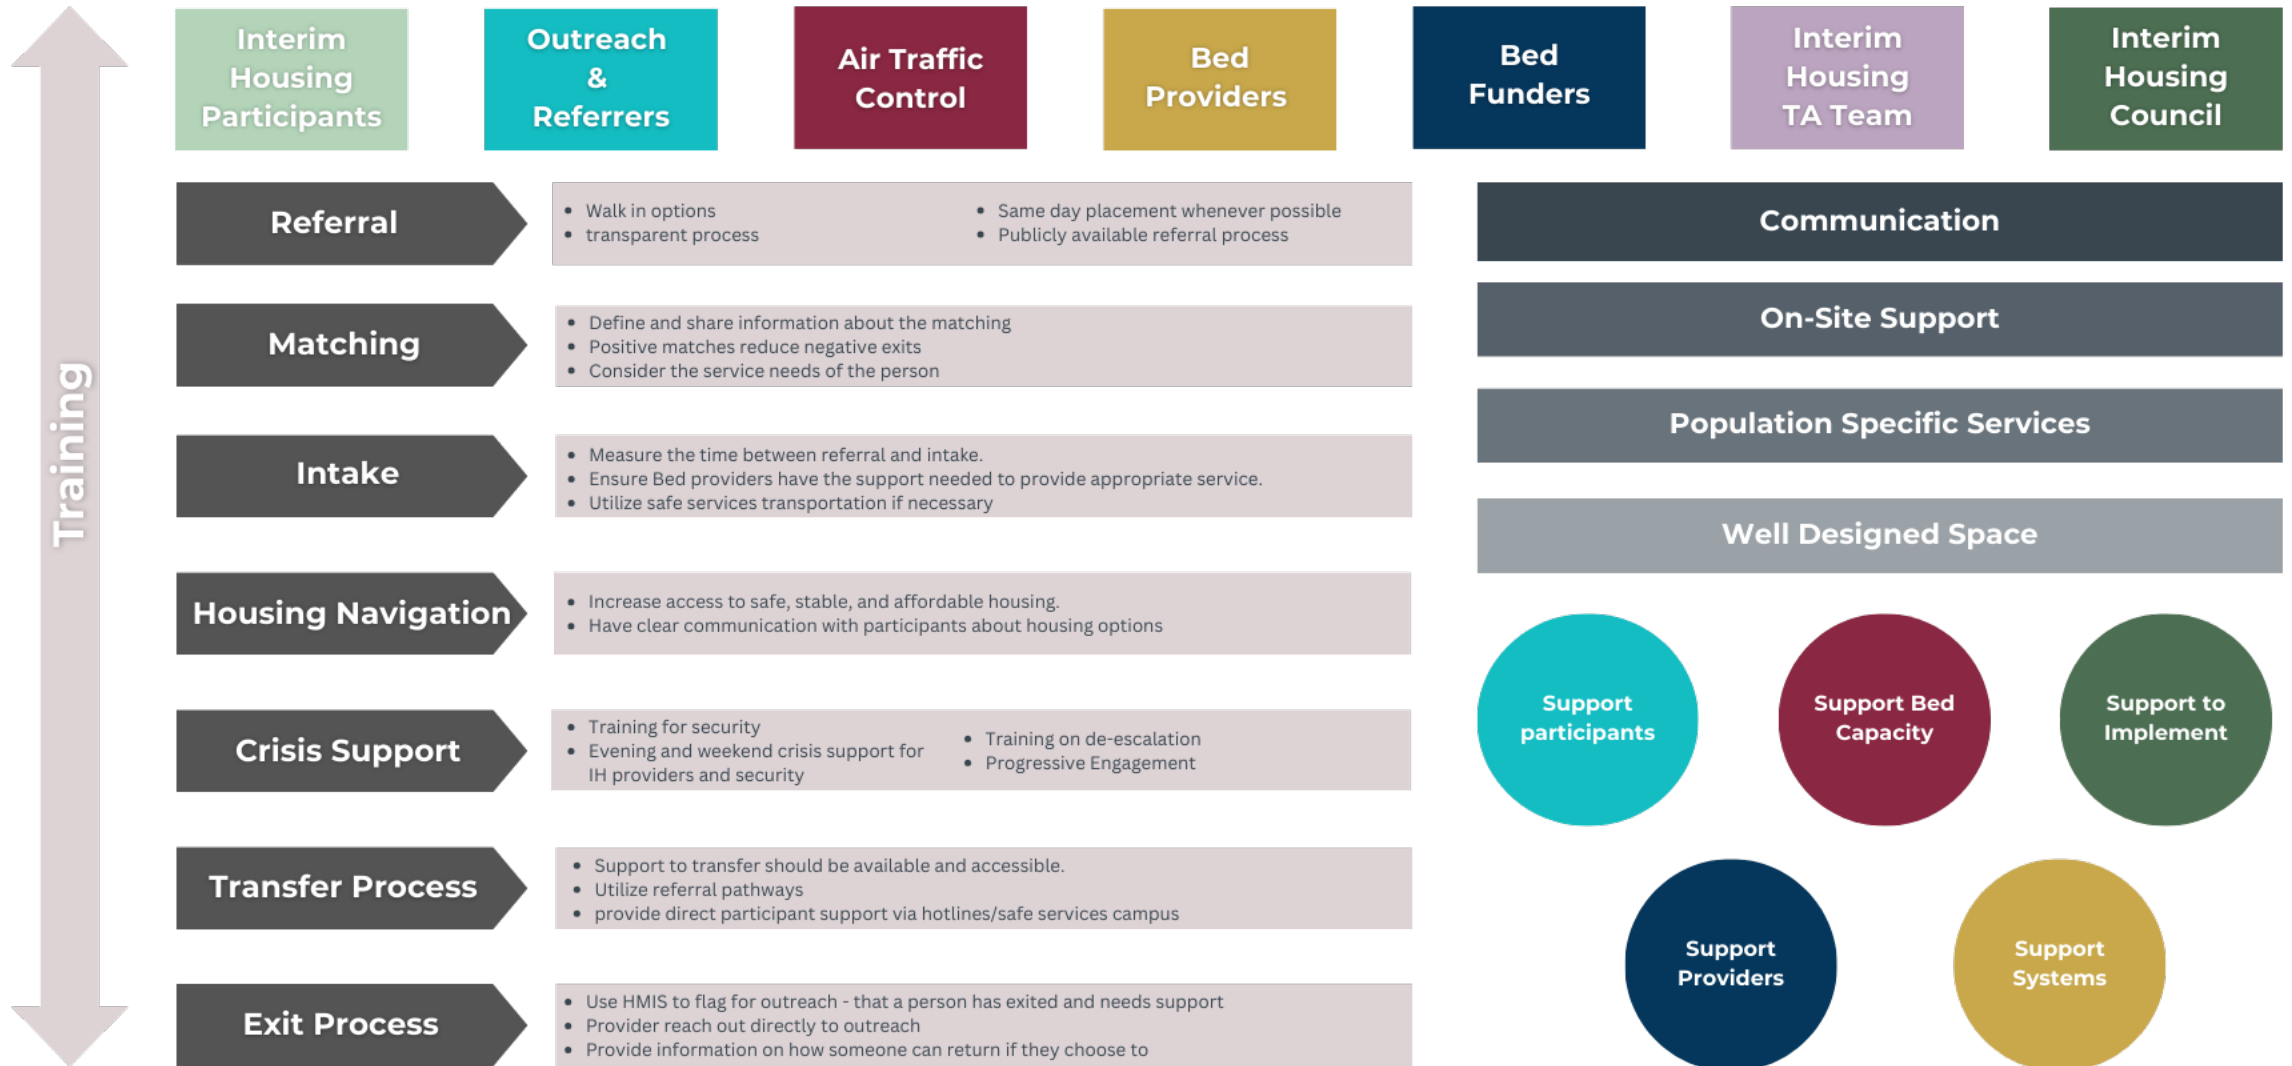

Key Component # 1

Reduce the experiences
of exiting interim

street

COMMUNITY DESIGN HIGHLIGHTS

Reducing returns to the street

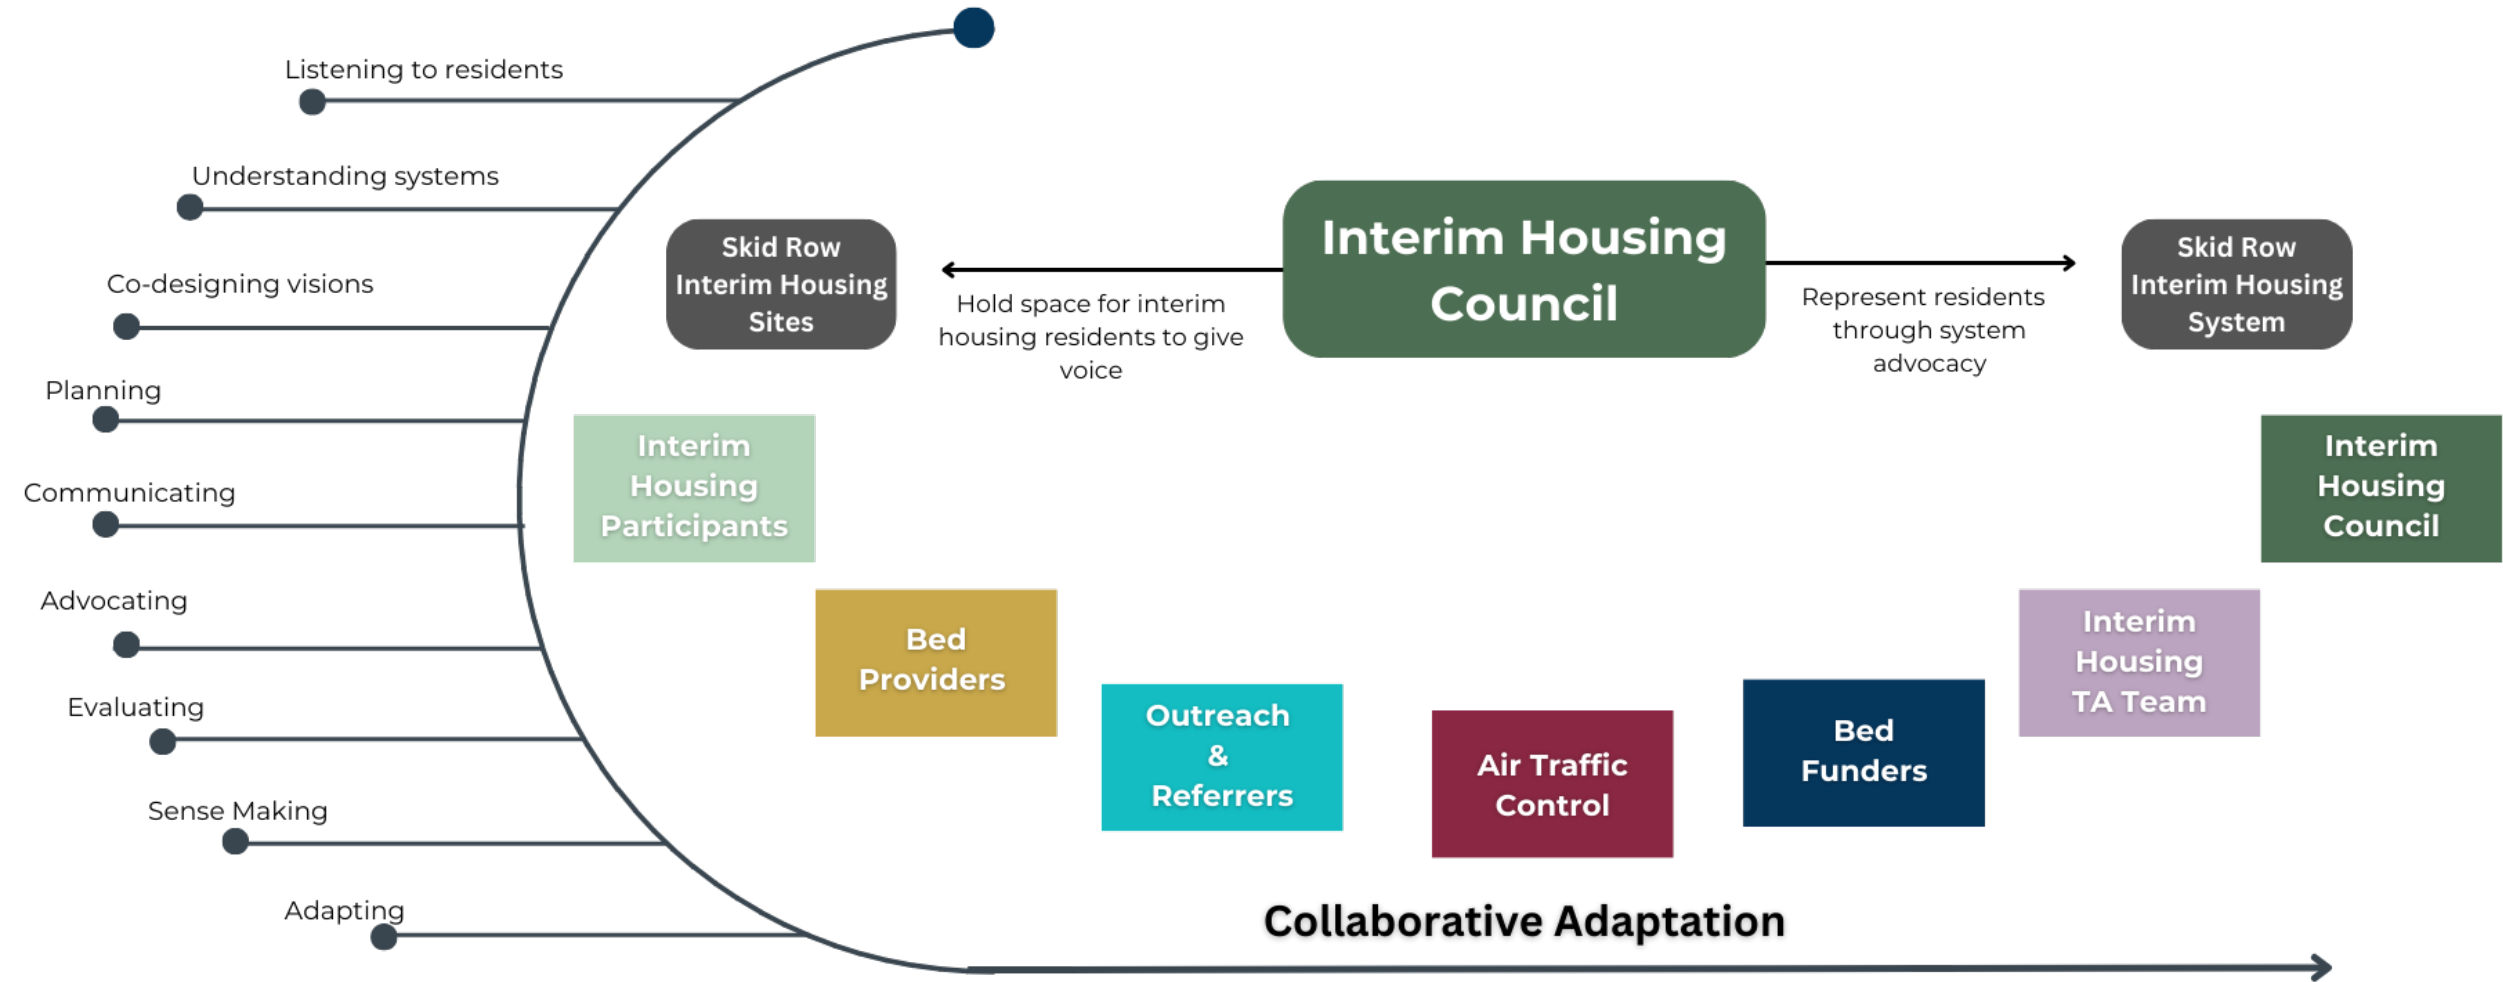

Key Component # 2

Create an Interim
Housing Council

COMMUNITY DESIGN HIGHLIGHTS

Additional Recommendations

Interim Housing goals intersect with the other SRAP work that is happening

Biggest Take Aways

An exit from interim housing is the last step in the process. Success happens when people have options for interim housing that meets their specific needs.

Safe, affordable housing is critical to improving the interim housing experience.

Training is an essential tool to reduce exits. Training for providers, for outreach, for funders, and for residents.

Support for interim housing providers and outreach teams allows for those teams to support people who need and use interim housing.

IMPLEMENTATION RECOMMENDATION

Centering Peer Advocates

Informed, Integrated Care

VISION BY 2027...

1

- Train all Skid Row Providers on trauma-informed care, harm reduction, and Skid Row community history and resident experience.

2

- Use peer service liaisons to facilitate warm handoffs between systems and care providers that can coordinate transportation, accompany clients to visits, and assist clients with meeting basic needs.

3

- Create clinics with integrated care in Skid Row with robust and coordinated trauma-informed, harm reduction services that integrate peer service liaisons into the service delivery model.

Biggest Take Aways

Skid Row Providers Need Trauma and Emotional Support Built-In to Their Employment

Transportation and Access Between Systems of Care and Programs Needs to be Easy

All Treatment History Should be Available to Service Providers in their Native Applications

Peer Liaison is the Hardest Job in Health Care and Compensation Should Reflect That

Service Spaces Need to Feel Welcoming and Create a Feeling of Belonging

HARM REDUCTION HEALTH HUB WORKGROUP

Draw on the wisdom of persons with lived experience of substance use and sex work to create and deliver world renowned, culturally appropriate harm reduction practices in Skid Row to end overdose related deaths by 2027.

Community Vision

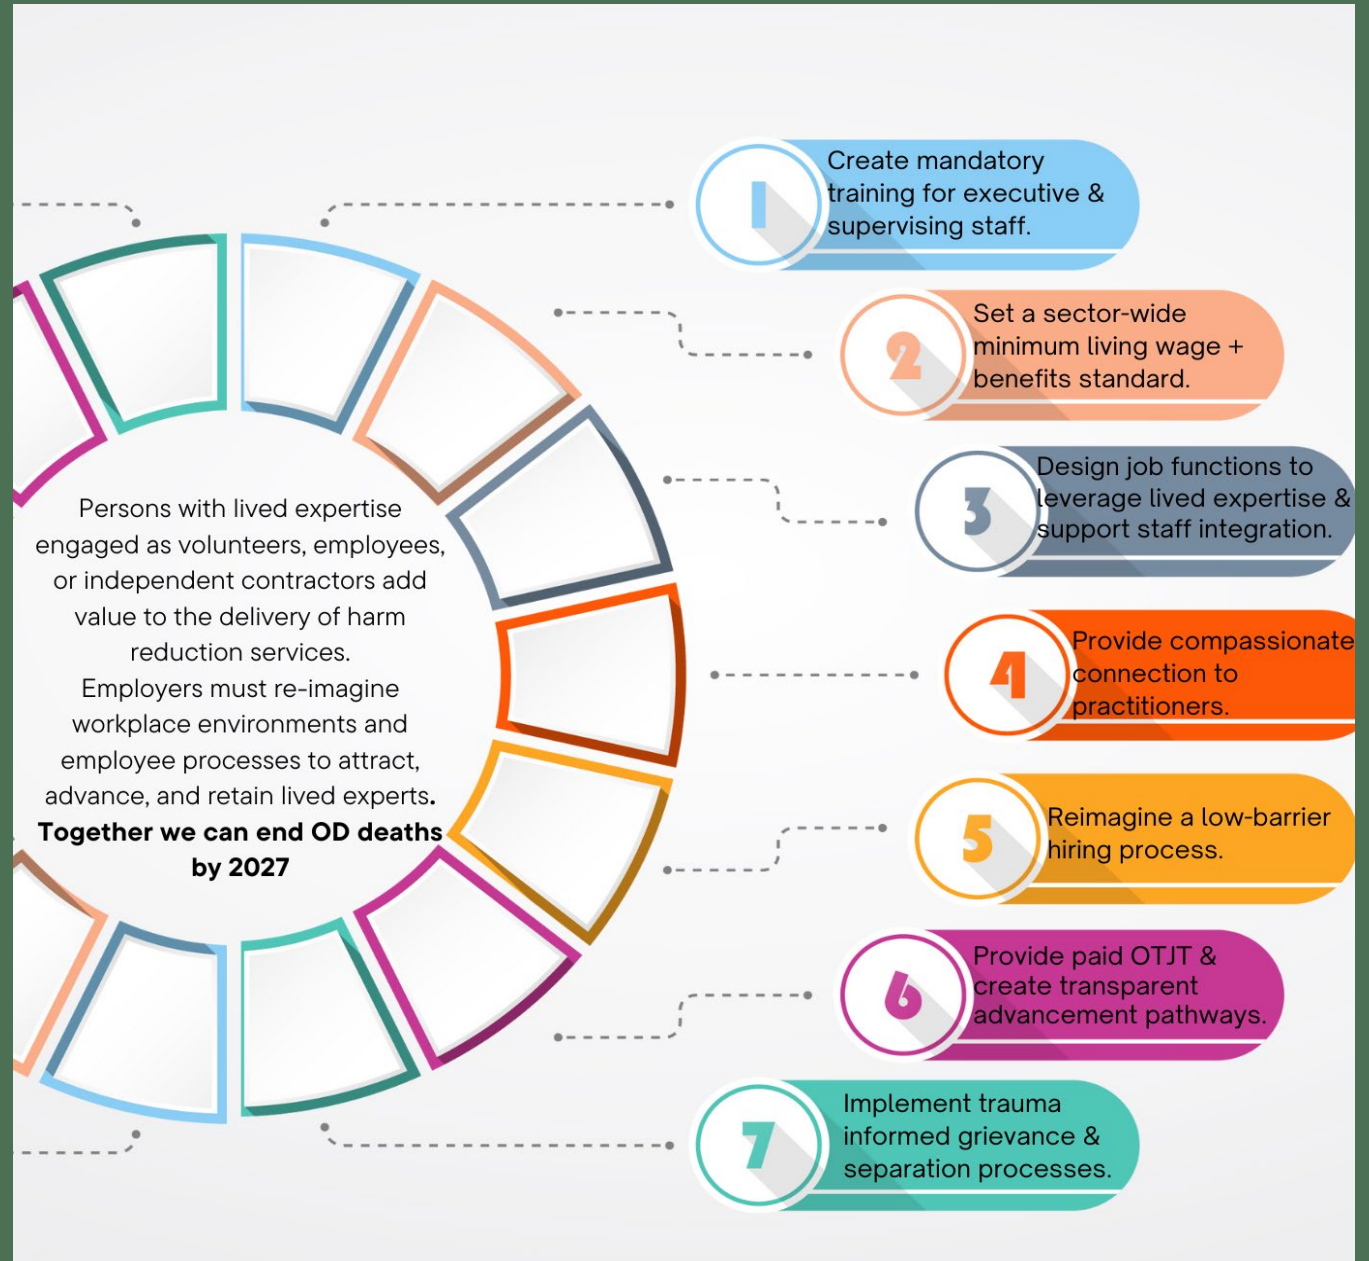

CHANGEWELLPROJECT

Key Component:

Employ community members with experience of drug use and sex work

	KEY COMPONENT(S)	STATUS
Harm Reduction (fka Drug User Hub)	increase number of treatment beds with same day/immediate access including on-site detox beds.	In process
substance use services, capacity and treatment options.	Provide MAT services and alternative treatments which prioritize the immediate well-being and safety of substance users.	In process
	Provide low-barrier access to harm reduction supplies, including drug composition testing.	In process
Create a community engagement and "kill development space.	Provide ongoing meaningful and relevant drug health education and support groups, involving drug users and supportive staff, as well as training in first aid, CPR, wound care, overdose reversals, and harm reduction and safe usage, etc.	In process
	Employ community members with experience of drug use.	
Provide low-barrier access to services and space.	Offer workforce, social enterprise, and volunteer opportunities.	
	Provide services 24/7/365 days of the year without time limits on length of visits.	
Facilitate access to the Drug Health Center.	Create a welcoming space that includes food, activities, wellness, and personal care facilities, and which is free from monitoring by law enforcement.	
	Provide onsite physical and mental health services including MAT and outpatient detox, as well as Overdose Prevention Centers/safe consumption sites when approved by LA County and LA City.	In process
	Establish harm reduction satellite hubs within existing provider, PSH, Interim, and other sites.	

COMMUNITY DESIGN HIGHLIGHTS

HARM REDUCTION HEALTH HUB

TOGETHER WE CAN END OD DEATHS by 2027
TRANSFORMING WORKPLACE, COMMUNITY, and SERVICE DELIVERY by
EMPLOYING COMMUNITY MEMBERS with LIVED EXPERIENCE

Additional Recommendations

- Centralize the hiring and retention of staff and independent contractors with lived experience through a preferred workforce staffing organization.
- Set a minimum livable wage and benefit package for harm reduction practitioners.
- Develop and implement an organizational self-assessment tool that all contracted providers must complete before hiring staff with lived experience to ensure best practices in policies and procedures are in-place to mitigate harm.

Biggest Take Aways

We have an incredible, untapped talent pool of lived experts who can do this work.

Harm reduction services is emotionally labor intensive work that requires care and support for its workers.

Employers and service delivery organizations must shift culture to adapt harm reduction practices and principles.

Harm reduction services intersect with social justice calls for abolition, equity, and repair of past system harms.

WORKGROUP

Key Component #1

Create a low-barrier space for services and connections.

- Purchase a centrally located site with sufficient space to host the variety of services outlined for the Space.
- Include in the space's infrastructure a stage for performances, seating and charging stations, personal care facilities (bathrooms, showers, laundry), and gardens.

Key

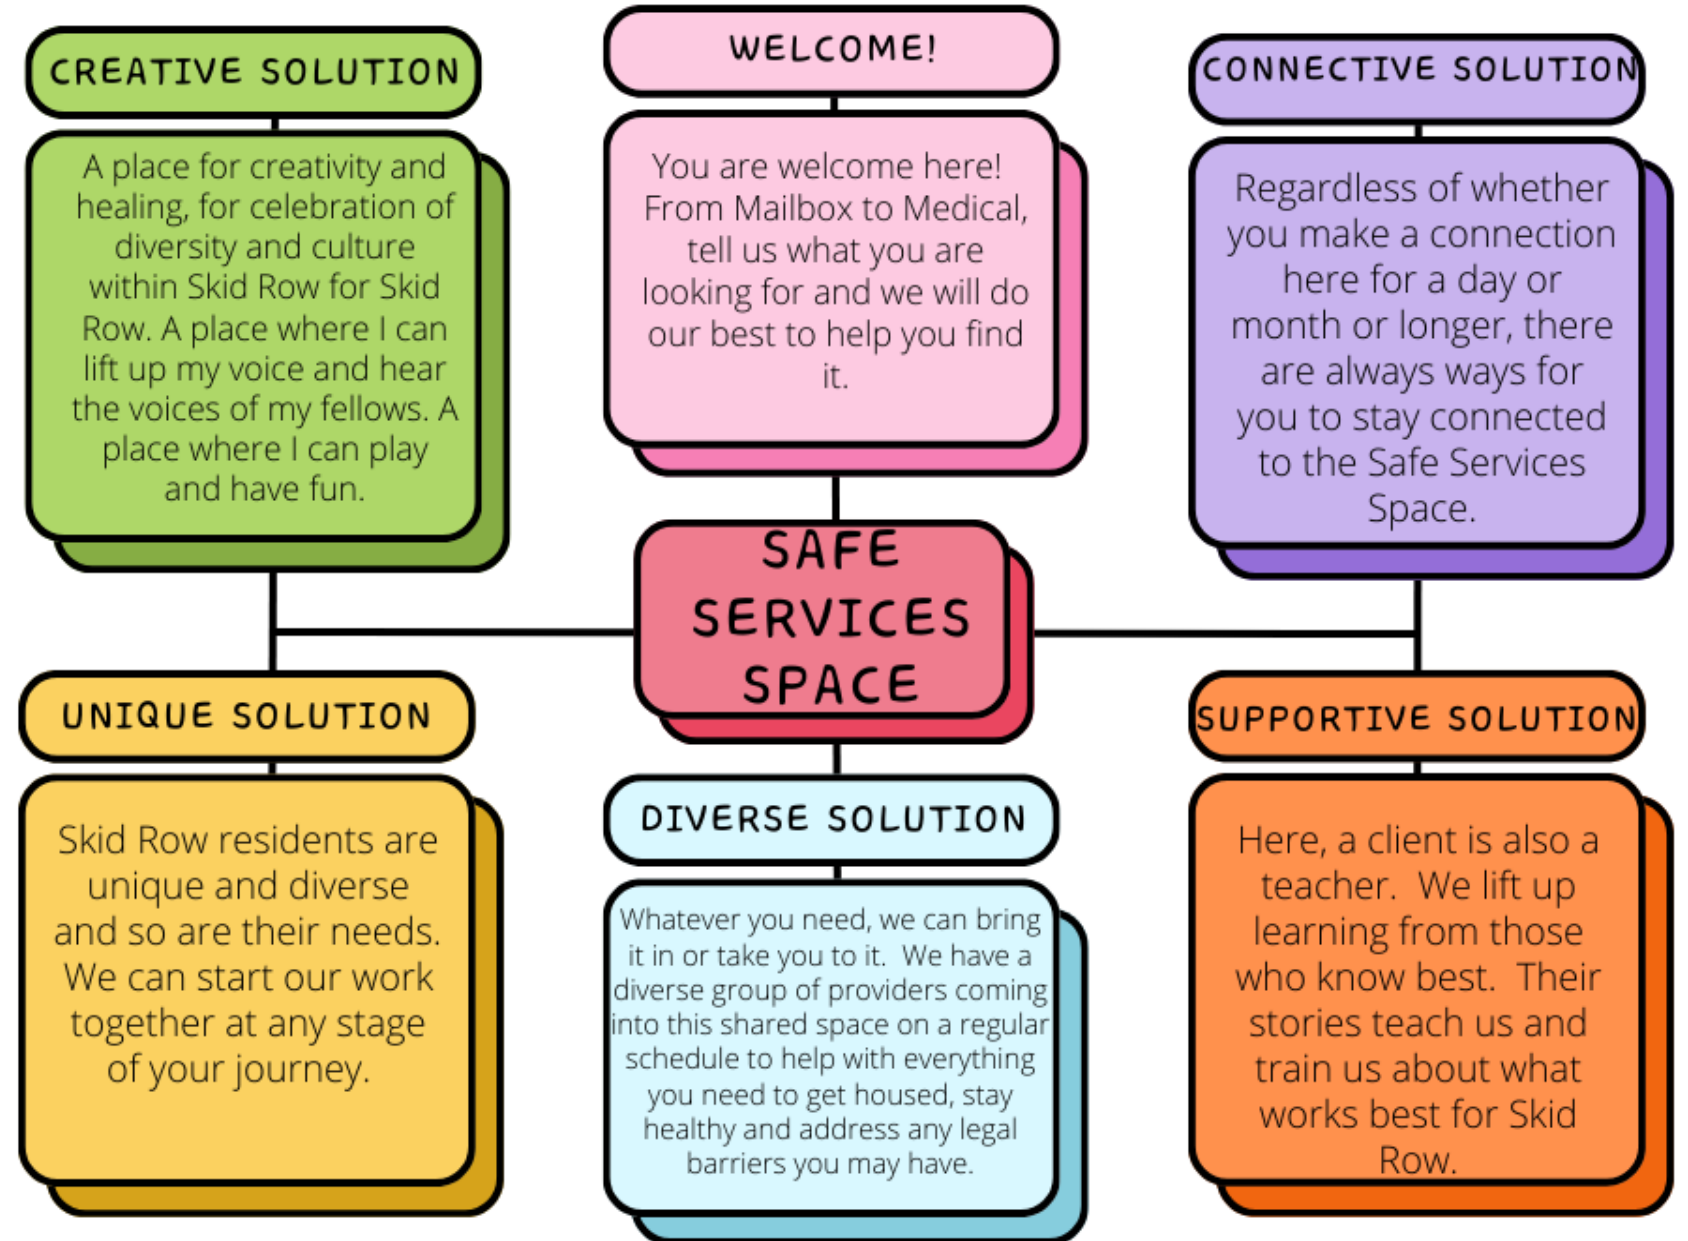

Component #2

Provide comprehensive services

- Recruit service providers to provide the following services including:
- Health, mental health, behavioral health
- Legal aid & ticket expungement
- Public benefits and income via the Department of Public Social Services and the Social Security.
- Military and Veterans Affairs
- Aging and Disabilities Services
- Economic Opportunities
- ID receipt via the CA Department of Motor Vehicles(DMV).
- Budgeting, money management, credit repair
- Veterinary services
- Daily community activities including spiritual programming

Comprehensive Services:

- Mailboxes & Voting
- Veterinary Services
- Legal Aid
- Connection to Housing
- Connection to health services
- Connection to classes

Strategy Recommendations

Establish peer-driven support space that encourages involvement & feedback from SR residents in creating programming and service connections.

- Evolving
- Responsive
- Comprehensive

Establish arts & culture programming that uplifts Skid Row residents as a central element of the space.

- Stage & Performance Space
- Restorative & Dynamic
- Connective

Service Providers & Staff complete ongoing training on best practices.

- Vicarious Trauma Support
- University Internship connections and Access
- Competitive Compensation

COMMUNITY DESIGN CORNERSTONES:

Additional Recommendations

- Community Ambassadors
- Green space + with shade
- Honor local heroes in the space
- Feedback loops for ever-evolving improvement and learning as the space establishes and matures.

Biggest Take Aways

Focus on welcome, accessibility and hospitality

Staff need to be taken care of and supported, so they can take care of Skid Row.

Skid Row is a neighborhood.

This is a space of connection to comprehensive resources and with community.

IMPLEMENTATION RECOMMENDATION

COMMUNITY RECOMMENDATIONS

ADDITIONAL
COMMUNITY
RECOMMENDATIONS
WORKGROUP

Key Component #1:

Prioritize community-based hiring and develop recruitment and retention practices which meet the needs of the community members seeking employment

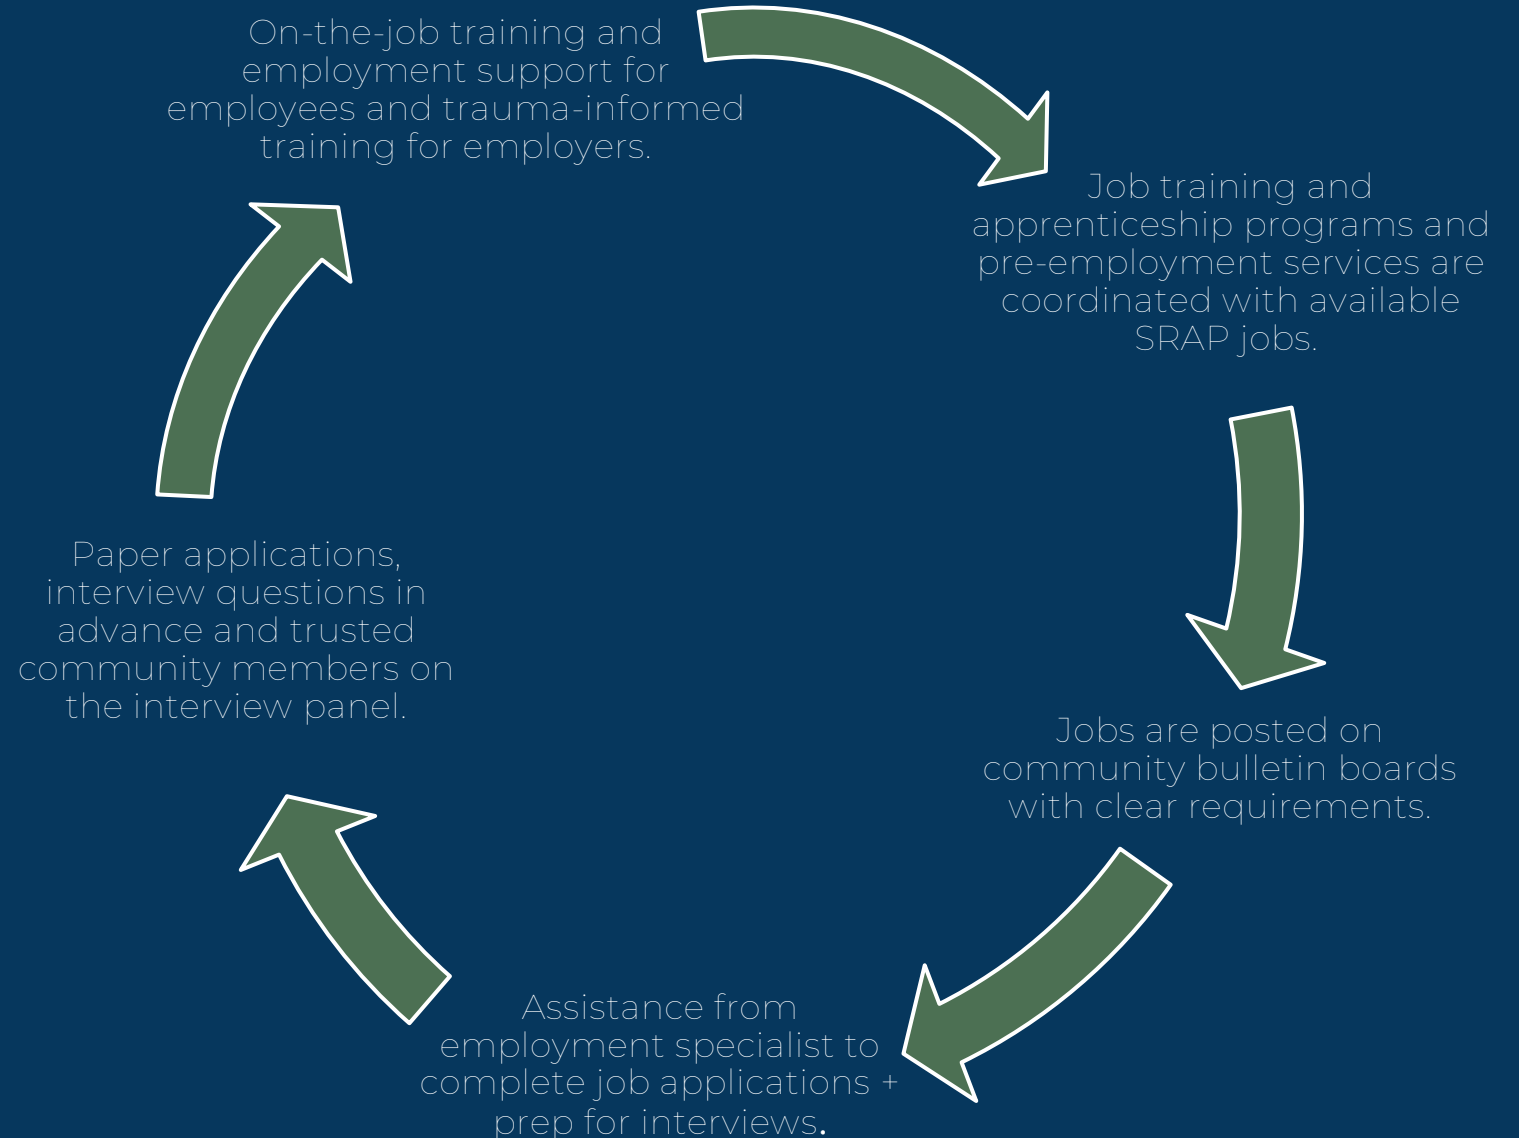

Key Component #2:

Support local
entrepreneurship
through expansion of
social enterprise
programs

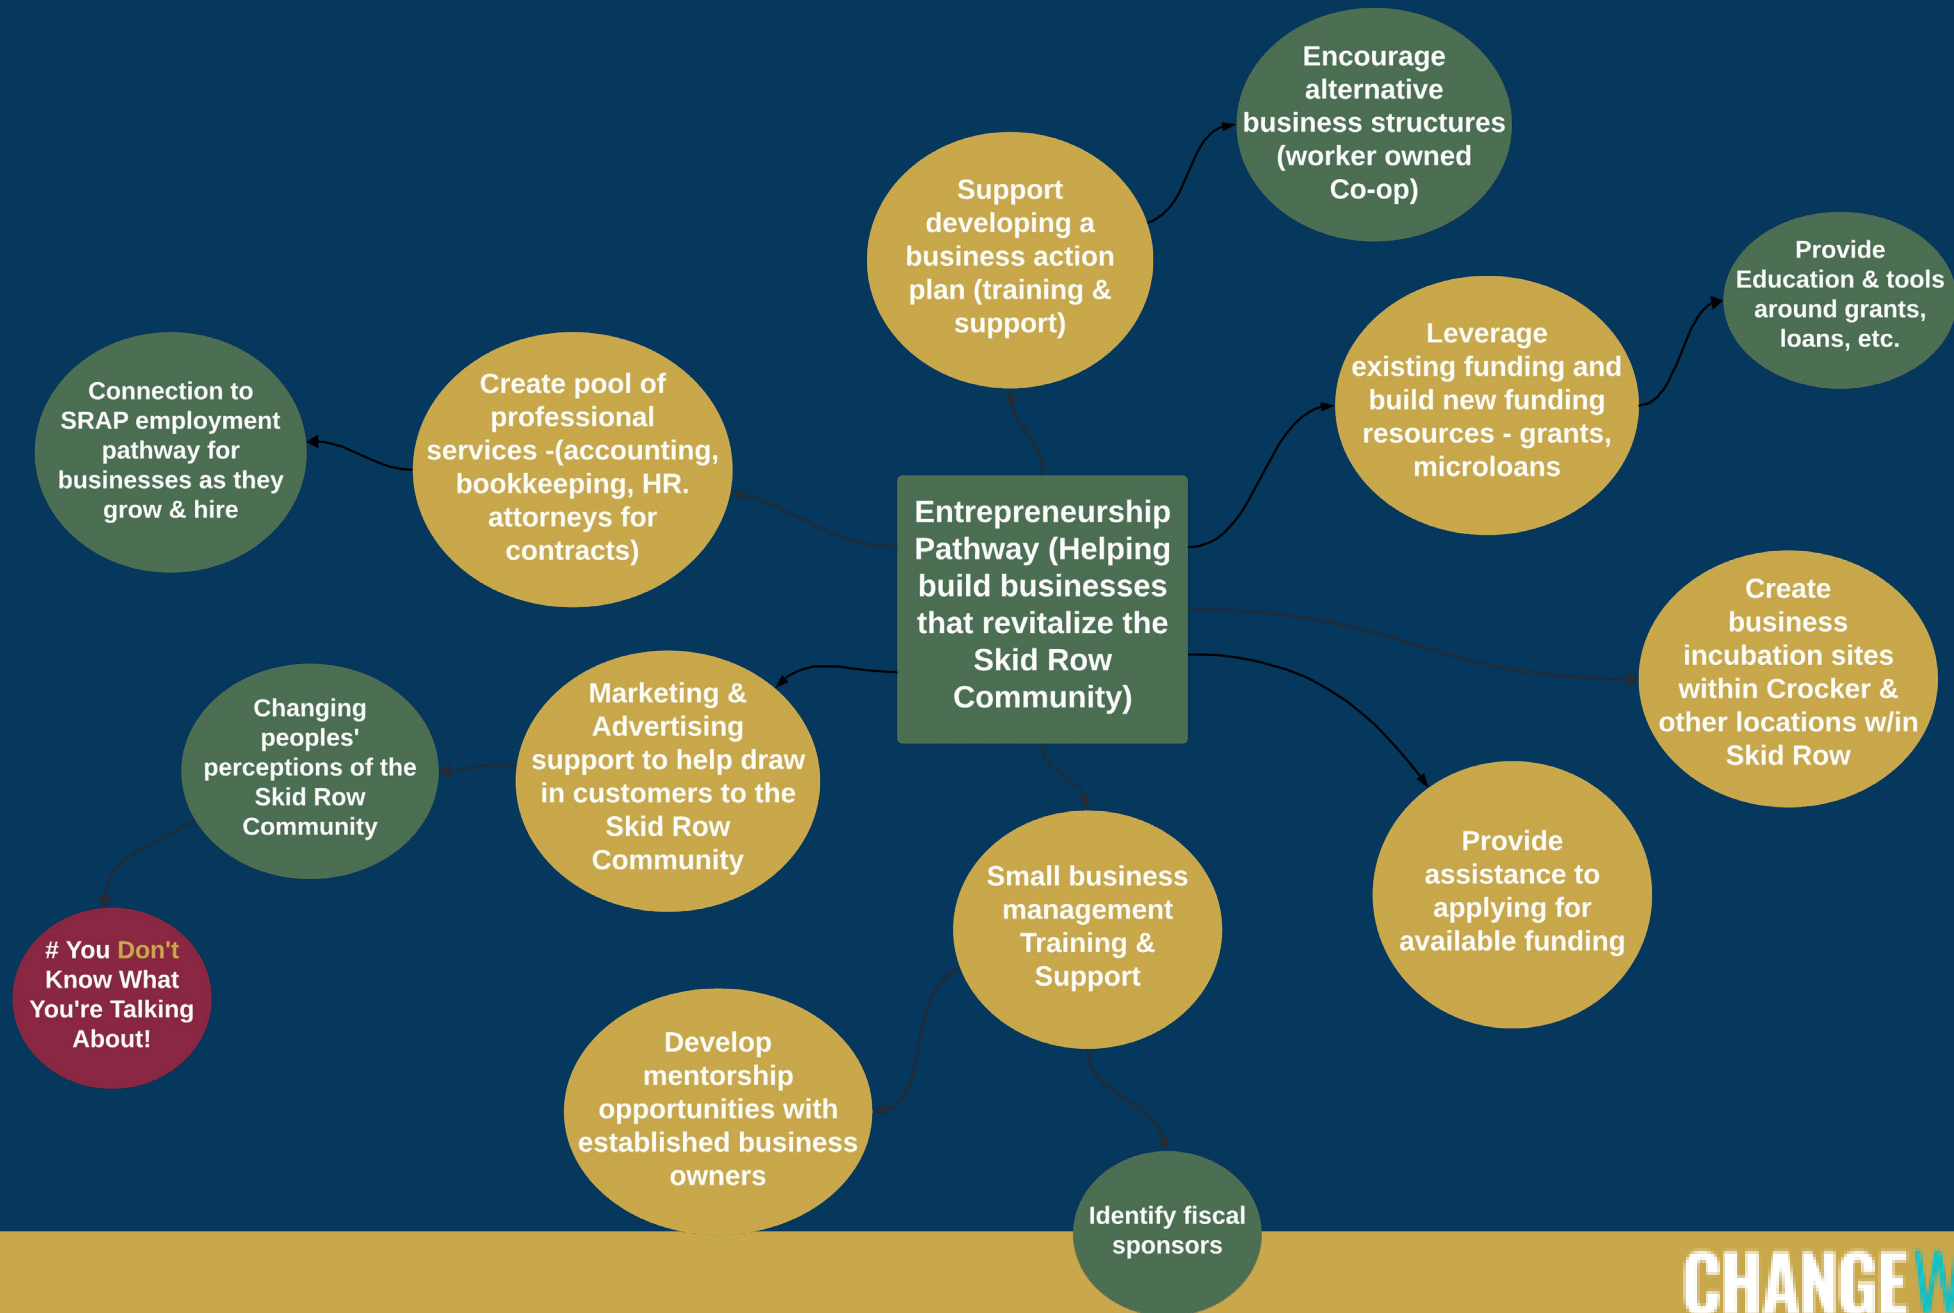

Economic investment into the community through employment and entrepreneurship pathways will revitalize Skid Row into a thriving neighborhood in Downtown Los Angeles.

Community Vision

COMMUNITY DESIGN TRAUMA- INFORMED EMPLOYMENT PATHWAY

COMMUNITY DESIGN – ENTREPRENEURSHIP PATHWAY

COMMUNITY RECOMMENDATIONS

Next Steps

- Change the workgroup name to Economic & Community Development
- Create a resident advisory council for Economic & Community Development Implementation Workgroup

Biggest Take Aways

There is considerable energy among residents to implement these economic & community development designs.

Residents want to revitalize Skid Row into a thriving neighborhood that is unique to the people who frequent the community.

Many resources already exist and need to be targeted at a neighborhood level.

Target these resources in Skid Row.

Elena Fiallo
Change Well Project

Rebecca Watson
Change Well Project

Reflections about the Process

- We embarked on a process where we were working shoulder to shoulder to co-design a transformative vision for this neighborhood, this community.
- We designed with folks and not for folks

- We designed neighborhood-level or place-based solutions.
- We went above and beyond the service delivery system and really held the vision of revitalizing an entire community.

What Happens Next?

Final Report from CWP to DHS

Will outline:

- Our collaborative process
- The designs that came out of the process
- The measures of success

What else will help SRAP succeed?

- CWP will recommend continuing the collaborative process with a structure that centers the voices of residents.

Next Steps

- DHS will review & finalize the report to send to Sup. Solis.
- DHS will hold quarterly community meetings and produce written updates.
- Government workgroups will continue to meet.
